

HRYA - HD Clevis Roller Hangers

Designed for Suspending Pipe with Vertical Adjustment

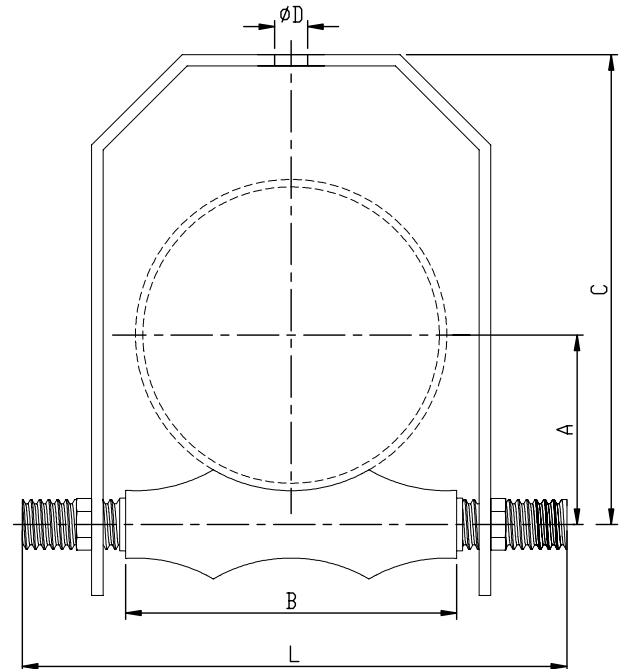

- Maximum temperature 450°F
- Complies with Federal Specification A-A-1192A Type 43, WW-H-171-E Type 44, ANSI/MSS SP-69 and MSS SP-58 Type 43
- Non conductive, corrosion resistant Pipe Rollers for protection against severe weather conditions and moderate corrosive conditions such as marine atmospheres.

Sizes: 2" - 16"

Material: Steel

Finish: Hot Dipped Galvanized

Approvals: Complies with ANSI/MSS SP-69 MSS SP-58 Type 44, A-A-1192A Type 44, WW-H-171-E Type45
